**Description:**
Accelerate your ascent to the summit. This energetic experience is the fastest trip to the top of the Bridge. Ascend through the heart of the Bridge, a cathedral of steel, and burst through to the summit from below.

Our professional Climb Leaders will take pictures of you on the Climb and at the end you will receive a commemorative Climber Certificate and a complimentary group photograph, with all Climbers in the group receiving an identical photo.

**The Journey:**
Latching on in the Climb Base below the Bradfield Highway, you will walk on catwalks below the road-deck until you reach the South-East Pylon. Here you will
ascend 4 ladders to the start of the upper arch, surrounded by the hum and buzz of Sydney's traffic. With the summit in your sight, your journey continues along the Bridge's outer arch on the Opera House side until you hit the top. After a summit celebration with your group, you cross the spine of the Bridge to the Darling Harbour side to make your descent to our Climb Base.

What to Wear:
Please wear comfortable, enclosed rubber-soled shoes such as running, sport or hiking shoes. PVC and leather-soled shoes are not ideal. Do not wear flip-flops, or hiking sandals such as Teva/Keens/etc.

This is an all-weather experience. You will be equipped with all the gear you'll need to keep safe and comfortable based on the day's weather conditions.

What to Bring:
For safety reasons, you can't carry anything with you on the Bridge. Secure lockers are provided for you to keep your things in, including phones and cameras. Climb Leaders will capture photos of you during your climb. One free group photo is included with your ticket, and additional photos can be pre-purchased at a special rate with your ticket, or after your climb.

Special Notes:
To complete the Climb, you will need a reasonable level of fitness and strength, full body control and hand-eye-foot co-ordination, the ability to climb independently (unsupported by walking aids). Every climber must complete a BridgeClimb Declaration Form document before climbing.

Every ticket to the top includes a Climb group photograph, a BridgeClimb cap, a certificate of achievement and a free pass to The Pylon Lookout.

You’ll be welcomed by a friendly Guest Liaison Representative. Your evening starts with **The Essential Tour**, which puts Jorn Utzon on centre stage and is a tribute to his creative genius. You will discover why Utzon was more than an architect: he was an architect of change. And how, against a landslide of political and public criticism, he created the youngest building ever UNESCO World Heritage listed.
Working with enriching, interactive audio-visual technology, where images are projected onto the fabric of the building. You'll visit the inside of the performance venues where guides will take you on an emotional journey, engrossing you in a story to rival any opera plot with its dramatic twists and turns.

Following your tour, you will have time to have a drink in the famed Opera Bar prior to your performance. Following your show, you will enjoy dinner at Aria.

6:30 PM – The Merry Widow
In the Joan Sutherland Theatre, Sydney Opera House
Presented by Opera Australia
Seats: Stalls L29-30

A lavish new production set in Art Deco Paris

It’s an opulent party, all glitz and glamour and Parisian charm. It’s an old-fashioned romance, flirty and funny and fabulous. It’s a Viennese waltz and you know all the steps.

The Merry Widow is a “shimmering all-singing, all-dancing Broadway style show” (The Sydney Morning Herald), a frothy comedy packed with familiar waltzes and tuneful melodies.

From the sumptuous Art Deco era costumes to the stunning, geometric sets, the show is “visually stunning ... sometimes you simply don’t know where to look” (The Sydney Morning Herald).
The vivacious Danielle de Niese plays the bubbly, beautiful Hanna: newly wealthy, newly widowed, and suddenly the hottest catch in town.

Graeme Murphy brings his signature brand of lively choreography and deft direction to the dance-packed score.

After the performance, enjoy dinner at ARIA.

9:45 PM – Dinner at ARIA
1 Macquarie Street, East Circular Quay, Sydney 2000, Australia

The breeze along Hobart's waterfront carries a thousand captivating stories of those that were here before us - a cast of remarkable characters, each with an intriguing story to tell.
In this place, the Mouheneenner people fished and forged dreams in the Derwent shallows; the first Europeans set foot ashore Van Diemen's Land and an industry was borne amid the bustle of Hunter Island. Today, this precinct is home to MACq 01 where the stories of these colourful characters are shared in a setting of informal luxury. This is a storytelling hotel.

Chiseled into an escarpment on the banks of the Derwent River in the northern suburbs of Hobart is a subterranean fortress housing one of the most confronting and controversial collections of art in the world.

The crowning achievement of Tasmanian David Walsh, a mathematician and art collector who made millions perfecting algorithms that led to beating casinos and bookies at their own game, MONA (Museum of Old and New Art) has made a name for itself by breaking every rule in the book since opening its doors.

The entrance, for example, casts aside the grand porticos and columns commonly seen at museums in favor of a striking industrial exterior and unmarked doorway.

“When you go to a conventional museum you are forced to walk up stairs and past pillars meant to make you feel small and then have academics tell you it’s culture,” says research curator Delia Nicholls. “But David wanted none of that so he built this place underground.”

Sprinkled among the masterpieces of modern art, as though there were never a reason to keep them apart, are selections from Walsh’s private collection of antiquities.

They include a 1,500-year-old Egyptian sarcophagus, gold coins taken from one of the statues at the Parthenon in Athens and a collage made of Neolithic flints.

Operated by Global Ballooning  
Tel: +61 1 2345 6789  
Includes Breakfast.  
Confirmation No.: 123456

Global Ballooning will pick you up in the morning at the Crown. Exact pickup time to be determined – you will be advised the night before, but it will normally be 60-90 minutes before sunrise.
Description:
There are few major cities in the world that can be traversed by hot air balloon and there certainly is no better way to take in Australia's second largest city. In the early morning light your balloon will drift by the array of parks and gardens that make Melbourne the world's most livable city. As the city comes to life, you will look down from your balloon onto some of the city's iconic sporting venues like the MCG, Melbourne Park and Albert Park racetrack.

Schedule:
The entire experience lasts 4-5 hours in total, so it is usually completed between 10:00 AM – 11:00 AM.
- **1 to 1 ½ hours before sunrise** (time confirmed night before): Meet pilots and crew at designated time and venue; Global Ballooning Australia drives all passengers to launch site.
- **Launch**: Passengers assist with the set up / inflation of the balloon
- **Sunrise**: Flight for approximately 1 hour.
- **Land**: After about 1 hour, the pilot will land the balloon; passengers can assist in packing up the balloon, which is quite fun.
- **Breakfast**: Global Ballooning Australia will drive all passengers back to the meeting point where you will enjoy your breakfast.

What to wear:
Comfortable casual clothes with pants and flat soled, enclosed shoes. Dress accordingly as during inflation and deflation of the balloon you may be on wet ground or in tall grass.

What to bring:
Camera.

Note:
Hot air ballooning is a weather dependent activity, which means the flight is not guaranteed to proceed. If the flight is cancelled, you will be provided a full refund.
10:30 AM (approximately): Following breakfast, Global Ballooning will transfer you back to the Crown.

On Hamilton Island

Activity:  
Full Day - Deep Sea Fishing  
Operated by Renegade Charters  
Tel: +61 1 2345 6789  
Confirmation No.: 123456

Pelagic Species: We typically have Black Marlin, Sailfish, Tuna (Northern Bluefin & Yellowfin), Mackerel, Wahoo, Mahi Mahi and Cobia (Black Kingfish). We do have Sailfish in the area year-round.
Reef Species: We deep sea & reef fish for a number of reef species including Red Emperor & Large Mouth Nannygai (10kg+ specimens) and Coral Trout.

Sport Fishing: If you enjoy some surface lure fishing then we can certainly incorporate this along the reef edges where we often find good size Giant Trevally, amongst plenty of other sport fish.
Our full day charters include morning tea, lunch, soft drinks, water, bait & tackle, and fish will be cleaned and filleted. I am happy to organize some alcohol if the guests would like some on board and some seafood in addition to the standard lunch (if the Wardens like seafood).

We do also have some snorkel sets on board if you want to jump in for a swim or to head to Whitehaven. Just note that we cannot incorporate Whitehaven Beach and the Great Barrier Reef in the same day due to time constraints.

Our vessel Renegade is a 38ft Steber Sportfisher and is crewed by a skipper and deckhand, equipped for game, sport and reef fishing and has a toilet, seating and plenty of shade. My husband Luke will be the skipper, and he was born here in the Whitsundays and grown up fishing these waters, accumulating a wealth of knowledge and experience over the years. He is also president of our local Game Fish Club and very passionate about what we do.

With regards to the weather, we typically like winds of 15 knots or less to make the most of our full day charters and ensure a comfortable day on the water for our guests. We know that everyone’s tolerance levels are different, so we will monitor the weather forecasts and if there are any concerns we will be in touch in advance to discuss the forecast and options, including shifting to another date or cutting back to a half day and fishing around the islands or a full refund if no alternative options are available and the weather doesn’t permit us to operate.
