## CRITICAL NOTES

- ▶ Please carefully read the Terms & Conditions located at the bottom of your booking form, along with the T&C of any other booked services, as these will apply to your travel arrangements.
- ▶ **Malaria prophylactics are required** due to the prevalence of malaria in the following areas - Tanzania & Kenya.
- ▶ Passports must be valid for at least 6 months beyond the intended departure date and must have **at least 3 blank visa (not endorsement) pages.**
- ▶ Visa is required to enter Tanzania and Kenya. Visa approvals are obtained via online application.
- ▶ Travelers must have sufficient funds to support themselves whilst in the country or entry into a country could be denied. The granting of a visa is not a guarantee of entry.
- ▶ Make extra copies of passports and airline tickets to take with you on your trip. Please ensure you keep these documents separate from the originals in the event of an emergency such as your passport getting lost or stolen.
- ▶ Should you fail to join or start your journey for any reason (i.e. airline delays or missed connections) the cancellation policy will apply. Adequate travel insurance is required.
- ▶ All guests are required to purchase comprehensive travel, medical, cancellation, curtailment and default insurance for the duration of your trip. Due to the remote areas through which you may travel, it is vital that all guests are covered for emergencies and other unforeseen circumstances. You become liable for cancellation penalties immediately on confirmation of booking services. We will not be held responsible for guests travelling without insurance.
- ▶ In the event of a situation that affects any portion of this program, Alluring Africa and associate companies, in their absolute discretion, reserve the right to alter any route or tour arrangement or offer substitutes of equivalent or higher value as deemed necessary, and will notify passengers accordingly.

## YOUR PERSONAL DETAILS

While it is normal and often required to provide your passport on arrival, some of the lodges, camps or hotels you check into during your journey may also ask you to complete lengthy registration forms which include personal details such as your mailing address and email. **You are not required to give them this information.** Should you be asked to provide details such as these, we encourage you to use Alluring Africa's info:

- ▶ **Email:** info@alluringafrica.com
- ▶ **Phone:** +1 321-622-9370
- ▶ **Mailing Address:** 190 E Morse Boulevard, Winter Park, FL 32789 USA

## HELPFUL REMINDERS

- ▶ Please ensure you read Alluring Africa's A-Z Guide located at the end of this booklet, which provides important information to help you prepare for your trip. If you have any questions, please contact your travel consultant.
- ▶ We recommend you call the airlines a few days before your departure to reconfirm flight times, as schedules may change.
- ▶ The recommended check-in times for all domestic scheduled flights are 2 hours prior to departure, and 3 hours for all regional and international scheduled flights.
- ▶ We always recommend you call the airlines directly to request seat assignments, special meals, wheelchair assistance at airports or anything you may need to make the flight portion of your trip as comfortable as possible.
- ▶ We strongly recommend that you read all our literature and if you have any questions to please contact us. Please be understanding about travel conditions, particularly in third world countries. Unexpected situations do arise; such as to inclement weather, irregular transport operations, strikes, etc. These are often unavoidable and beyond our control, however, we always strive to ensure safe operation of all our programs.
- ▶ Cell Phones, Internet, Satellite phones at Camps/Lodges: Many operators have made a conscious decision NOT to offer internet access for guests at their safari camps. This enables them to continue offering a natural wilderness experience, away from the stress of everyday life. If there is a problem/emergency, we are able to get messages to and from guests at camps, which we have been doing very successfully for many years. If you will be bringing a satellite or iridium phone with you on safari, please adhere to the following courtesies:
  - Keep your ring tone at a low volume.
  - Please use your phone in the privacy of your room and not any of the common areas (i.e. dining areas or vehicles).
- ▶ **IMPORTANT:** Do not pack anything of high value (sentimental or financial) in your checked baggage. We cannot be held responsible for missing items. We recommend locking your luggage.

## LIGHT AIRCRAFT TRANSFERS

Your journey includes shared light aircraft transfers (i.e. you will be flying with other guests unless private is specified) and which may entail stops.

- ▶ When we utilize shared air transfers, they are booked through licensed charter companies and may be sub-chartered.
- ▶ Inter-lodge flight transfer times are only arranged 24 hours in advance. The lodge or camp will ensure you are transferred by road to the airstrip in time for your flight.
- ▶ At certain times of the year it may be necessary (for safety reasons) to transfer you during the cooler times of the day.
- ▶ The aircraft type used for each transfer is determined by the charter operator and is based on the number of passengers booked on that day. The most commonly flown aircraft are single engine Cessna 206's (5 passengers), and Cessna Grand Caravan's (12 passengers). These aircraft are well suited because of their ability to carry large loads out of short airfields economically.
- ▶ African law does not require two pilots on the single engine aircraft flights used for our safaris.

- ▶ **Strict luggage and weight restrictions on light aircraft transfers exist because:**
  - Aircraft have a maximum body and luggage weight allowance, including space restrictions
  - Most airfields are over 3,500 feet above sea level and are located in the warm tropics, thereby reducing the permissible carrying capacity.
- ▶ Weight restrictions on **charter flights** are limited to a soft “barrel” (duffle bag) with a **maximum of 33 lbs.** This includes your day pack and camera gear. Weight limits are strictly enforced.
- ▶ Only soft bags, preferably without wheels, will be accepted. This includes camera equipment and hand luggage. Hard suitcases are not permitted.
- ▶ The maximum dimensions allowed are **10” W x 11” H x 24” L**. Light aircraft baggage compartments are only 10” high, so the pilots must have the ability to manipulate the bag into the compartment.
- ▶ Important packing considerations:
  - Most accommodations provide basic toilet amenities.
  - Laundry is done daily on a complimentary basis or for a nominal fee.
  - Safari only requires casual clothing unless specified (i.e. for luxury train journeys, etc.)
  - To further assist you in adhering to this luggage limit, a suggested packing list has been included within Alluring Africa’s Pre-Departure information.
- ▶ Passengers weighing over 220 lbs. or two guests travelling together whose total weight is over 390 lbs. must notify us in advance, as an extra seat must be priced for safety purposes.

DAYS 9 - 11: FRI, JUL 16 - SUN, JUL 18

MAHALE NATIONAL PARK

**Enjoy three full days of game viewing activities at Greystoke Mahale.**

### **CHIMPANZEE TRACKING**

The main quest is always on foot to a wild living group of chimpanzees, whose complex social and political maneuverings are played out within a few feet of us. Their behavior is interpreted by their greatest fans, our team of chimpanzee experts who can recognize each individual and the significance of every action. The dry season in Mahale starts in June, when the long rains have stopped, and goes through to October. At this time of year the temperatures increase and the skies are quite hazy, the lake has never been more appealing for a cooling dip. As the dry season progresses, the chimps are more usually found in the lower slopes due to their favorite fruits being found lower down.

### **LAKE TANGANYIKA**

This lake is a phenomenal natural habitat for us to explore. But we also pleasure-seek here, unashamedly: kayaking towards the Congo at sunrise, the unsurpassable feeling of diving off the dhow into its sunset waters and watching hippos moonwalk through the depths.

### **UNDER THE CANOPY**

On winding forest trails, our guides show life beyond the chimpanzees; eight other species of primate alone, insects unseen elsewhere, a pharmacopeia of medicinal plants. Often you get just a flash of what's in the shadows: the silhouette of a red-tail monkey, the scarlet wing of a turaco, the neon of a beetle's back.

## **TO THE VILLAGE**

Get the feel of a Tanganyika village and see the work of the Nomad Trust, with a visit to Katumbi on the park boundary. You can call in at the primary school, where we have built and furnished classrooms and installed solar power, and the community clinic, where we fund vital healthcare from first aid and midwifery.

It's no exaggeration to say there is nowhere in the world like Greystoke Mahale. Greystoke Mahale sits on a pristine, white sandy beach overlooking the turquoise water of Lake Tanganyika, with the forested slopes of the 8000 ft Mahale Mountains rising behind.

**Overnight:** Greystoke Mahale - Double Room

**Included:** All meals, drinks (except champagne & premium wines); laundry; activities on a shared basis: chimp trekking, boat trips, deep water swims, forest walks; scheduled boat transfers to/from Mahale airstrip for Nomad Shared Charter flights and Safari Airlink schedule flights.

## GREYSTOKE MAHALE

## MAHALE MOUNTAIN NATIONAL PARK

It's no exaggeration to say there is nowhere in the world like Greystoke Mahale. Greystoke Mahale sits on a pristine, white sandy beach overlooking the turquoise water of Lake Tanganyika, with the forested slopes of the 8000 ft Mahale Mountains rising behind.

Greystoke affects people in a way that no other place does; perhaps it's because of its remoteness, and because of the mountains rising from the beach at your backs, the wide lake with its many different moods and the feeling that you are the only ones here. With just six wood and thatch bandas set on the edge of the forest line at the base of the mountains your days can start there, eating breakfast whilst waiting to hear news of the chimps and deciding what to do with your day. Evenings end with sundowners on the rocks of the headland, where drinks are served around the lamp-lit bar whilst the mountains, rising behind camp, disappear into the darkness.
