
TEMPLATE FOR GOLDEN LEAF WREATH

SUPPLIES

Metallic gold scrapbook paper
Pencil
Scissors
Ruler
X-Acto knife
Wire floral ring
Burlap ribbon
Hot glue

INSTRUCTIONS

Step 1 Print leaf template (available at midwestliving.com/metallic).

Step 2 With a pencil, trace leaves onto metallic gold scrapbook paper.

Step 3 Cut out with scissors.

Step 4 Using a ruler and an X-Acto knife, score the leaf on the back side, from point to point. Fold leaves in half (some upward, some downward).

Step 5 Wrap a wire floral ring with burlap ribbon, securing occasionally with a spot of hot glue.

Step 6 Attach leaves with hot glue, overlapping them as you build the wreath. (For reference: Our 24-inch ring has 95 leaves.)
