

Scrap Lab: Matching Scarves Set

DESIGNER: PATTY YOUNG OF MODKID BOUTIQUE (MODKIDBOUTIQUE.COM)

Patty Young made two scarves using the fabric set provided for the *Quilts and More*™ Fall 2011 “Scrap Lab” challenge. Lightweight cotton shirtings allow the hand-pieced scarves to tie and drape with ease. Fabrics are from the Sanctuary collection by Patty Young of ModKid Boutique for Michael Miller Fabrics (michaelmillerfabrics.com).

Scrap Lab: Matching Scarves Set

Materials for Two Matching Scarves

- 18×22" piece (fat quarter) gray print
- 18×22" piece (fat quarter) solid white
- 18×22" piece (fat quarter) turquoise-and-green geometric print
- ½ yard turquoise-and-gray floral

Finished scarf: 4×81½"

Quantities are for 44/45"-wide, 100% cotton fabrics.

Measurements include ¼" seam allowances. Sew with right sides together unless otherwise stated.

Designer Notes

Patty Young made two identical scarves using the fabrics above—one to keep and one for a friend. Patty says the long scarves are perfect to be worn double-folded around your neck. If you prefer shorter scarves, cut the turquoise-and-gray floral 18×42" rectangle to a shorter length before assembling the scarf.

Cut Fabrics

Cut pieces in the following order.

From gray print, cut:

- 4—4½×18" rectangles

From solid white, cut:

- 8—1½×18" rectangles

From turquoise-and-green geometric print, cut:

- 4—4½×18" rectangles

From turquoise-and-gray floral, cut:

- 1—18×42" rectangle

Assemble Scarves

1. Referring to **Diagram 1**, sew together two gray print 4½×18" rectangles, four solid white 1½×18" rectangles, and two turquoise-and-green geometric print 4½×18" rectangles to make a scarf segment. Press seams away from solid white rectangles. The segment should be 20½×18" including seam allowances.
2. Repeat Step 1 to make a second scarf segment.
3. Join a scarf segment to each short edge of turquoise-and-gray floral 18×42" rectangle to make a pieced row (**Diagram 2**). Press seams toward floral rectangle. The pieced row should be 82×18" including seam allowances.
4. Cut pieced row in half lengthwise to make two 9×82" pieced strips (**Diagram 3**).
5. Fold a 9×82" pieced strip in half lengthwise with right side inside. Sew along all raw edges, leaving a 3" opening in long raw edge for turning (**Diagram 4**). Turn right side out through opening. Use a chopstick or stiletto to push out corners; press. Slip-stitch opening closed to complete one scarf.
6. Repeat Step 5 to make a second scarf.
