PROJECT: Sandwich Wrap

Tote a sandwich in a reusable wrap that doubles as an eating surface.

DESIGNER: Bethany Peterson

FABRICS are from the Sweet Picnic collection by Natàlia Juan Abelló for Riley Blake Designs *(rileyblakedesigns.com).*

FINISHED SIZE: 11" square

MATERIALS

Yardage and cutting instruction are for 42" of usable fabric width.

- ☐ 13" square coral print
- ☐ 10¾" square lining fabric (We used PUL fabric, which is a laminate that wipes off easily. Look for PUL that is nontoxic and food-safe.)
- ☐ Water- or air-soluble marking pen
- ☐ 3½"-long piece of ½"-wide hook-and-loop tape

ASSEMBLE SANDWICH WRAP

1 Lay coral print 13" square right side down. Referring to **Diagram 1,** at each corner measure in 2"; use a water- or air-soluble marking pen to mark a dot. From each edge, measure in 1" and mark lines.

2 Referring to **Diagram 2,** fold in one corner of square to dot, press, unfold, and trim ¼" away from crease. Repeat in remaining corners.

3 Referring to **Diagram 3,** fold in edges of square ½" so raw edges just touch marked lines; press.

4 Referring to **Diagram 4,** fold each edge in another ½" so corners are mitered. If necessary, use your fingers to manipulate folds until they abut in a miter; press.

5 Center lining fabric 10¾" square on wrong side of Step 4 unit, so edges are tucked under unsewn hem. (If using PUL fabric for lining, the shiny side should face up.) Add clips along edges and corners to hold in place.

6 Stitch square ⅛" from inside edges to hem **(Diagram 5).**

7 Separate hook-and-loop tape piece. Cut the hook piece to 1½"-long. Referring to **Diagram 6,** position hook piece ½" from one corner on the lining side; stitch in place.

8 Referring to **Diagram 6,** position 3½"-long loop piece ½" from outside corner opposite Step 7 corner; stitch in place to complete sandwich wrap.
